Sandoz ESOT Study Grants: Transplantation Call for Applications

Sandoz Pharma Ltd. offers annual study grants totaling SFr. 40 000.– to individuals involved in the clinical or experimental fields of transplantation. Each study has to be performed in a country situated in Europe that is not the country in which the ap-plicant is currently working. There will have to be a specific purpose with a clear study goal. The period for which an applicant may apply for financial support can vary from one to several weeks or months. Congress visits will be excluded from any study grant. The Council of the European Society for Organ Transplantation (E.S.O.T.) will administer the Sandoz ESOT Study Grants. The selection and final decision will be made by the Council. Applications must be in English, should specify the purpose of the study, and should be supported with relevant documentation, including a full curriculum vitae. The application must be signed by the head of the de-partment/program where the study will take place. Neither the heads of the departments nor the applicant necessarily has to be a member of E.S.O.T.

Applications should be sent to:
Professor C. Hammer, Institut für Chirurgische Forschung der Universität München, Klinikum Grosshadern, Marchioninistrasse 15;
D-81377 München, Germany.

Envelopes should be clearly marked "Sandoz ESOT Study Grant."

International Symposium on Endocrine Cell Transplantation and Genetic Engineering 16–19 June 1996, Giessen, Germany

This symposium is an official satellite program of the 10th International Congress of Endocrinology, which will be held on 12–15 June 1996 in San Francisco, California, USA. The main topics will include: experimental and clinical transplantation of islets of Langerhans, of neuroendocrine cells (e. g., adrenal, neural, and hypothalamic cells), of thyroid, parathyroid, and other adult or fetal endocrine tissue; basic scientific issues regarding bioartificial endocrine organs, genetic engineering of endocrine cells, and other related topics. The scientific program will consist of plenary lectures by invited speakers, oral communications, and poster presentations.

For further information, please contact:
Prof. Dr. R. G. Bretzel, Symposium Chairman, Third Medical Department, University of Giessen, Rodthohl 6, D-35385 Giessen, Germany; Tel.: +49 64 17 02 74 42 or 7 02 37 00; Fax: +49 64 17 02 74 43 or 7 02 37 52.
